

Report language: H. Rept. 110-803, page 449.

The Senate amendment and the House bill require an institution of higher education, in its biennial review, to determine the number of drug and alcohol-related incidents and fatalities that have occurred on the institution's property or as part of the institution's activities and that are reported to that institution of higher education.

The Senate and the House recede with an amendment to replace `incidents' with `violations,' amend the language to require that violations be reported to `campus officials' (as opposed to institutions), and replace `property' with `campus.'

By requiring institutions to report drug and alcohol-related violations and fatalities, the Conferees intend to ensure that the information reported by institutions of higher education cover incidents that are located on the campus of the institution of higher education (as that term is defined by the Clery Act) and that are reported to officials at the institution of higher education. Officials shall include campus security and school administrators, and may include other employees at the institution of higher education if they are required to report or enforce institutional policies.
