date from July 1, 2013, to July 1, 2014 (78 FR 29652). The Department provides this further extension for institutions in order to provide States with additional time to finalize processes for those institutions to be able to comply with the State authorization provisions in § 600.9(a) and (b). Those provisions apply to an institution separately with respect to each State in which the institution has a main or additional location offering at least 50 percent of an eligible educational program.

In order for an institution that cannot meet the State authorization requirements to receive an extension until July 1, 2015, to implement § 600.9(a) and (b), the institution must obtain from the State an explanation, such as information on timeline and action steps to ensure compliance, of how an additional one-year extension will permit the State to finalize its procedures so that the institution is in compliance with amended § 600.9. The explanation must be provided to Department staff upon request.
